

QUALITY POLICY

ALEX Ltd specializes in the production of automotive gas systems. The production is based on our own innovative solutions. Taking into account the specificity of our business, we declare:

- implementing, maintaining and improving the Management System in accordance with ISO 9001:2015-10
- meeting the legal and any other requirements of the gas industry in Poland and worldwide,
- original and reliable solutions in the field of mechanical components of LPG / CNG installations,
- production based on a modern machine park and professional assembly lines.

The President of the Board, performing periodical inspections of the System functioning, verifies the quality policy and adapts it to the changing conditions.

The Quality policy is known to all the Alex Ltd employees and communicated to all interested parties.

The President of the Board and the employees declare the continuous improvement of the effectiveness of the management system and fulfilment of requirements under the Quality Management System compliant with the PN-EN ISO 9001: 2015 norm.

Approved
